RE: DONATED TABLETS FOR SKILLS TRAINING

Dear Davis

On behalf of the Gitxsan Development Corporation, I would like to express our deep gratitude for the generous donation of 20 Asus Transformer Pads for use in our Skills Training Programs..

We are very thankful for the personal interest you have shown in our programs for community members in the Gitxsan Region. The timing of your donation was fantastic, as we are in a very busy period of the year, training community members for local and regional job opportunities.

We are so proud of this program, and our goal is to reach students at a young age when they can receive local skills training and be inspired to go on to challenging pursuits of further education, trades and rewarding careers. Together with you and other sponsors who have stepped up to the plate, we are making an impact in the Gitxsan region, and we are confident this will bring a brighter future for many, with a ripple effect that will benefit the entire community.

Your generous donation was a huge boost to our program, and we are extremely grateful that you made it happen.

Once again, thank for your support, and we look forward to a continuing partnership with PRS in future!

Respectfully,

Kelsey Harmse,  
Chief Administrative Officer  
Gitxsan Development Corporation
